“ Hi Tim

*I know you probably can't & will never read this, but I have to send it anyway.*

*I am really going to miss our daily conversations about geology, ancient formations of the earth, oil, material science, politics, geopolitics, & our beloved Rice Owls.*

*Most of all, I'm really going to miss your cultured simplicity & quiet Scottish / Irish pride.*

*I love you dearly, Love you brother. And I always have since we were 18 year old idealistic geniuses.*

*Go Owls.*

*Will Rice 1981*

*Sid Rich 1981*
