Our Beloved Daddy

You went to
and served in the Air Force
giving things up
but of course

You gave life
you made us
provided needs and wants
there was some fuss

Expected that should be
as two girls grow
regardless of tribulations
you were in the know

Then, late nights at the base
arriving so late
awaiting we would be
staying up too late

Molded two individuals
as you saw fit
a great job you did
worry you did, just a bit

Peering out the window
of what you created
proud you should be
nothing to be slated

Blood, skin, features
we are you
much to your dismay
it's through and through

Of all your thoughts and sayings
that were had
we know the most
you were proud, as we are, you are our dad

We love you daddy!
